

receive a Grower Tree Run Certificate prior to shipping their own tree run Florida citrus fruit.

(4) Each grower of citrus shipping under a Grower Tree Run Certificate shall supply the committee with reports on each shipment as requested by the committee, on forms supplied by the committee, providing the following information: The name and address of the grower, along with the grower's Grower Tree Run Certificate number; the legal description of the grove; the variety and amount of citrus shipped; the date the fruit was shipped; and the truck/trailer license number. A copy of the form will be completed for each shipment. One copy of the report will be forwarded by the grower to the committee office within 10 days after such shipment, and one copy of the report will accompany each shipment and be given to the Road Guard Station.

(5) Each container of tree run fruit shipped under a Grower Tree Run Certificate shall be labeled with or contain the name and address of the grower shipping under the Grower Tree Run Certificate.

[67 FR 62313, Oct. 7, 2002, as amended at 68 FR 52329, Sept. 3, 2003; 69 FR 50269, Aug. 16, 2004]

§ 905.150 Eligibility requirements for public member and alternate member.

(a) The public member shall be neither a producer nor a handler of Florida citrus fruit and shall have no direct financial interest in the production or marketing of citrus fruit (except as a consumer of agricultural products).

(b) The public member should be able to devote sufficient time and express a willingness to attend Committee activities regularly and become familiar with the background and economics of the industry.

(c) The public member must be a resident of the production area.

(d) The public member should be nominated by the Citrus Administrative Committee and should serve a 1-year term which coincides with the term of office of producer and handler members of the Committee.

[43 FR 32397, July 27, 1978]

§ 905.153 Procedure for determining handlers' permitted quantities of red seedless grapefruit when a portion of sizes 48 and 56 of such variety is restricted.

(a) For the purposes of this section, the prior period specified in § 905.52 is hereby established as an average week within the immediately preceding three seasons. Each handler's average week shall be computed by adding the total volume of red seedless grapefruit handled in the immediately preceding three seasons and dividing the total by 99. The average week for handlers with less than three previous seasons of shipments shall be calculated by adding the total volume of shipments for the seasons they did ship red seedless grapefruit, divide by the number of seasons, divide further by 33. If crop conditions limit shipments from any or all of the immediately preceding three season(s), the committee may use a prior season or seasons for the purposes of calculating an average week. New handlers with no record of shipments could ship size 48 and 56 red seedless grapefruit as a percentage of total shipments equal to the percentage applied to other handlers' average week; once such handlers have recorded shipments, their average week shall be calculated as an average of total shipments for the weeks they have shipped red seedless grapefruit during the current season. When used in the regulation of red seedless grapefruit, the term season means the weeks beginning the third Monday in September and ending the first Sunday in the following May. The term *regulation period* means the 22-week period beginning the third Monday in September of the current season.

(b) When a size limitation restricts the shipment of a portion of sizes 48 and 56 red seedless grapefruit during a particular week as provided in § 905.52, the committee shall compute the quantity of sizes 48 and 56 red seedless grapefruit that may be shipped by each handler by multiplying the handler's calculated average week shipments of such grapefruit by the percentage established by regulation for red seedless grapefruit for that week. Such set percentage may vary from week to week
